

Economic Policy

Meds & Food for Kids (MFK) is committed to the development of Haiti, and as such, will pursue an economic growth policy in all of its business activities. MFK provides local jobs, buys local raw materials and other support materials for its production and facility, and seeks to be a role model for successful operation of a business in Haiti. MFK is committed to and will:

- Provide fairly compensated employment opportunities to as many Haitian workers as possible
- Be a leader in the community, with fair, honest, and transparent business practices
- Endeavor to purchase needed materials and services locally, whenever possible
- Endeavor to hire local contractors for construction or maintenance projects whenever possible
- Operate its facility effectively and efficiently in order to protect it as a sustainable business, operating and employing in Haiti.

Promptly correct any practice or condition not in compliance with this policy.
